

## MESSAGE FROM OUR CEO

"We continue to focus on building strong teams to provide innovative whole-person health for all, to ensure that our patients get THE BEST CARE."

Dear Valley-Wide Friends and Community Partners,

The year of 2O24 and the start of 2O25 have been very exciting. We continue our work to expand services and ensure that our services align with the community's needs. During 2O24 we served 35,9O7 patients through 142,872 visits. In addition, we have provided just under 3O,OOO rides for patients to medical appointments and/or social needs through our Valley-Wide Ride Program since 2O2O. Our new model with full behavioral health services has provided new services and service areas to the Valley-Wide scope of services. We also purchased and started the remodel of the new Valley-Wide Health and Wellness Center, the prior Alamosa Courthouse. This 19,0OO-square-foot facility will house medical, behavioral health, and physical therapy in a newly remodeled state-of-the-art facility. We will be opening this new facility in the last quarter of 2O25.

We also completed revamping our strategic plan. Our new strategic plan will focus our efforts on three priority areas: Our Staff, Our Patients, and Our Future. Through our strategic plan, we continued to focus on building strong teams to provide innovative whole-person health for all, to ensure that our patients get THE BEST CARE, and to make sure Valley-Wide is sustainable and able to meet the needs of our communities.

Our focus for the remainder of 2O25 and into 2O26 will be to integrate services in the new Valley-Wide Health and Wellness Campus, continue to work to hire and engage a workforce that is focused on our patients, and ensure we are offering quality healthcare services to our patients. We are excited about the opportunities ahead of us and we plan to continue moving forward, growing, and meeting the needs of the communities we serve.

With gratitude,

Jania Arnoldi, DHA, MBA
